# *WINE EDUCATION IN THE HEART OF TUSCANY*

---

Borgo San Vincenzo is proud to partner with the Wine Scholar Guild in offering an immersive experience for the Italian Wine Essentials program. The program blends wine education with history, culture, cuisine, and much more in a real-world setting in the heart of Tuscany.

Meet local winemakers and connect with fellow wine enthusiasts. Enjoy guided wine-pairing dinners featuring wines from throughout Italy. Through private tours and tastings, get a feel for the nuances in the Tuscan region that have helped give life to different traditions around food and wine.

*This exclusive program is open to a maximum of 12 participants per session.*

# *ITALIAN WINE & BEYOND*

---

The Italian Wine Essentials course guides you on a wine-focused journey through Italy, learning about legendary wines, foods, landmarks, and cultural attractions that have made this region beloved for generations. With your home base in Montepulciano, the Borgo San Vincenzo and Italian Wine Scholar Teams work together to bring these elements to life in an interactive and immersive way, elevating the theory of wine education into memory-making moments in the heart of Italy's most revered wine region.

The five-night program leaves room for your own exploration as well and Borgo's Experiences Team can help bring your dream experiences into your personalized itinerary.

Talk with our team about integrating a cooking class at a local agriturismo, going truffle hunting with a premier local hunter, wine tasting on a guided (or self-guided) tour by e-bike, or visiting the storied hilltop towns that dot the region.
